The standard authority for physicians and druggists gives much useful information not obtainable elsewhere, but we notice that either by oversight or intention some formulas of rare excellence, and highly esteemed by the people, were omitted—among them "Lawson's Curative," which has given such universal satisfaction for the cure of rheumatism, neuralgia, sciatica and nervous diseases. We can safely say that no other remedy has performed so many cures and stood the severe tests as this medicine; and any one afflicted with either of the above diseases has only to use it as directed to be completely cured. There is no need of consulting a physician, for you can buy a bottle of medicine for your aches and pains at one-quarter price, which will cure you.—Detroit Com., Oct. 12.
